"fun in the sun for your little one"

## Our Philosophy

Care for Kids, Inc. is a licensed, bonded, and insured agency that is dedicated to providing the best possible care for your child. To do so, we employ only top-quality individuals with experience as well as that extra something...be it a warm smile or a friendly hug, our staff will always make your child feel happy and safe.

Our goal is to meet the child care needs of vacationing families and year-round residents. We are the primary child care service for many of the area's finest hotels and resorts. These established relationships are based on our commitment to provide exceptional care. We would welcome the opportunity to care for your family too.

"Dear Pam, We were so lucky to have found you while on the Cape this summer. Your service sent over a wonderful nurturing woman who came with lots of energy to play at the house with our little one. We will absolutely call you again next summer."

—Carol Maxwell, Fairfield, CT

"Thanks for the great babysitter. My husband and I finally got some true R&R time. We love your service and will call again."

—Amy Lee Tyler, Chatham, MA

## Our Staff

All of our child care providers have both the education and the experience required to meet your high standards. In addition, Care for Kids, Inc. conducts very thorough screenings that include personal interviews, verification of personal and employment references, CPR certification, valid license, and a thorough background check.

Currently we employ child care providers from many different disciplines including:

- Camp counselors
- Nurses
- College students
- Teachers
- Swimming instructors
- Specialists certified to work with special needs children

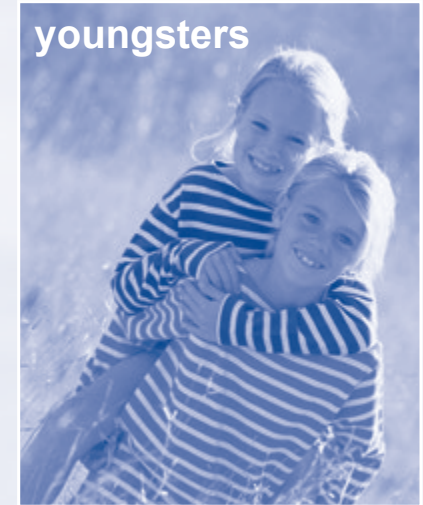

They all have the talent and experience to make your child's day, week, or month a memorable one.
